## “Ties That Bind”

X1 E 20

Xena Prop House is exclusively designed to network and unite Xena and Hercules prop, wardrobe, production and set dressing collectors. Our goal is to bring information to collectors that will help us all as a group and to see what props are available for sale privately and commercially. We encourage a collaborative effort from our "Kindred Spirits" to give us collecting ideas, articles, displays anything that will help us learn and grow. We also will gladly list a prop you have for sale or feature your prop to share with other collectors. Each prop has a unique story, so lets tell it! Our love of props creates the ties that bind us together!

### Blind Faith Part 3

In the last issue we revealed “A Day With Xena” scam. Here we have another chakram scam perpetrated by the same unscrupulous person with the name Anthony Launer confirmed with Pay Pal when payment was made for the chakrams. Chakram owner number One we mentioned in Blind faith Part 2, July Issue, bought an old style chakram from Mr. Launer that we knew was not made by PR. Owner One also purchased a Ying Yang Chakram from Anthony Launer the man that visited the set in NZ with his family for “A Day with Xena”. Here is a statement from the Wolf about the Ying Yang chakram with pictures supporting his assessment.

*“Ah yes the ying yang chakram, the photos of the one without detail is not from the show. I made this prop myself and I know we never made any that didn't have the 'pitted rough casting' that is in the middle parts of the chakram. The colour of the gold may vary depending on the paint supply at the time and the detail of the 'pitting' because of casting process.”*

**-Roger Murray-**

According to the Wolf owner number One's Ying Yang Chakram was not made by PR. Notice the lack of pitting, there are some digs made as an attempt to make it look authentic but the scammers probably had difficulty recreating the pitting patterns.

Below are two Ying Yang Chakrams Owned by the Xena Museum and Athenaeum. Notice the pitting the Wolf talks about.

[Christina@XenaMuseum.com](mailto:Christina@XenaMuseum.com)

Below is Chris Clogston's Ying Yang Chakram notice the pitting on hers also.

[cclogston@earthlink.net](mailto:cclogston@earthlink.net)

Here is a Ying Yang Chakram replica made by Todd's Costumes he made his chakrams from the real ones. Notice the obvious pitting on his also.

I am very saddened by people who take collectors money and create the lack of trust that can kill the thrill of collecting. I hope these articles will be helpful information if you have an opportunity to purchase a set used chakram. We all have to stay connected and network with each other so we can be a united front against these scammers and make it known that collectors are now a force to be reckoned with and that Scam Busters are here! If you have any questions

regarding your chakram please contact us we will be glad to help you make an assessment.

Having been scammed myself as many of us have I am more committed than ever to expose these scams when possible.

## Auctions

**Here is an auction that is a perfect environment to perpetuate a scam. This document can have a low issue number added to it hence making a homemade replica more valuable being passed off as an icons chakram.**

### Auction Description

Here is an un-numbered / un-issued COA for the now scarce Xena Chakram prop replica produced by Icons Authentic Replicas in 1997.

This Certificate of Authenticity was one of the final made at the company. You can still see the printer's color bar on the left-hand side that would have been trimmed before being issued. The Xena Chakram COAs came in sheets of two.

Printed on a piece of parchment paper. Beautiful violet toned color on the Xena logo and the image of Xena (Lucy Lawless). Bears the logos of Icons, Universal Studios, and Director / Producer Sam Rami's (Spiderman 1 & 2) / production company Renaissance Pictures.

This COA is un-numbered so will match up with any Xena Chakram plaque you may have if you are missing a Chakram COA.

**This is the second one to come up ON EBAY and is the same seller. They may be replicating the COA, even worse!**

**Ebay Auction number 190130078141**

**They are also selling a chakram blueprint to really help that scammer make one to specifications.**

**Ebay Auction number 190130078366**

////////////////////////////////////

Has anyone ever said anything negative about your Xena collection called it junk or just don't seem to "Get It"? Here is what I say which applies to all movie and TV Prop collecting.....

*These props were made with ultimate care and skill and due to the amount circulating in the entire world would render them quite rare. Xena and Hercules props were made to depict stories revolving around Greek Mythology that has been told since man could write. Wardrobe pieces are even more rare than the weaponry only a few were made of each and if you own one you may never find another that survived the set. I have seen more people covet designer clothing and accessories that were pumped out by the millions seen on every street corner. I say assembly lines create junk.*

-Barbie Arms-

Here is a roulette table spotted in the Hercules Episode H 6 E 2 “Love Amazon Style”. This once beautiful table has been in NZ sitting outside! Such a shame I hate to see this happen to precious props! Thanks for spotting that Mike.

### 1. Gabrielle Amazon Necklace

## 2. Gabrielle Queen Amazon Necklace

Please contact [allaboutartgalry@aol.com](mailto:allaboutartgalry@aol.com) if you have any questions or comments

## Owned by Mart X 11

***1. A Chinese dragon with beads, it appears to be maori carved or at least hand carved out of bone, beads also, the dragon is about 3" long and close to 2" wide being a Chinese dragon, I would think it was used in the China episodes but I haven't found it...very well made...for a main character maybe. If you have seen this please contact Mart.***

***2. Here is a bone carved warrior mask, Mart has two, about 2 1/2" long with his tongue sticking out...has a lot of carved designs, very similar to Maori***

***tattooing. These were worn by warriors and the amazons probably a standard issue.***

***3. I'm not real sure who wore this one. It is made of red beads with the brass pendant, could be Egyptian or Amazonian and has the flavor of both. Very well made and could have been made for a main character.***

***4. This one is made of light brass roman looking coins, my guess it was used with the roman ladies at the party scenes.***

**5. This one is from Jack of All Trades “Seventy Brides for One Brother”, but I was also told by a prop dealer in NZ that it was first used in the Young Hercules episodes before the Jack of All Trades series started...it is made of heavy heavy brass with cording and leather.**

**6. Here is a set of multi strand silver beads it came with my 'Waltraute' Valkyrie outfit when I bought it but if you watch the valkyrie episodes I noticed they did not wear any necklaces except the main leader, which was the raven necklace.**

**7-9 This is a Hei Matau Maori necklace about 2 1/2" long, they were used all throughout the Amazon episodes. They are supposed to embrace the wearer's essence...and they will change color as you wear them by absorbing your own body oil. These necklaces were a standard issue. Notice the paua shell on one, gorgeous!**

**10. New Zealand Maori Bone Carved Manaia Guardian...here's a little history**

This design brings together three elements, the Manaia, the Hei-Matau and the Koru. The top section is a Manaia that is one of the more ancient mythical beings with a bird's head and a human form. It is said to be the messenger between the earthly world of mortals and the domain of the spirits. The Manaia is regarded as a kind deity protecting the people and helping them communicate with ancestors on the other side. It is also a holder of great spiritual energy and is a guardian against evil. The Manaia can be seen blended into many Maori designs with subtle differences between tribes. Most Maori art tells the story of a tribe or event. The Manaia therefore has many forms as it is intertwined with other shapes and patterns to depict its different powers and its interaction with the spirit or mortal worlds.

The body is a Hei-Matau (Fish Hook) that represents prosperity, abundance and fertility. The Hei-Matau and the Manaia are two of the most powerful elements in Maori mythology.

These were worn by warriors and the amazons, this one does have a paua shell eye...probably a standard issue also...but it is pretty large...about 4" long

**11. Here is Queen Varia's necklace and it came with her outfit when purchased.**

1. Here is a large, long, heavy metal sword with a scorpion-like arachnid as the handle. It was acquired from It's A Wrap, post the Yahoo auctions. There was no ID tag on it. It may have been used in Hercules.

1.

2.

2. Here is the familiar looking sword that we've seen in so many episodes such as Draco's sword, Deimos' sword, "The Xena Scrolls" and Petracles sword, but this one is all gold, which I don't recall seeing. Maybe used in a Hercules episode?

3. Here is an awesome-looking sword with several skulls making up the handle. It did come with a studio tag attached that reads "Hells Blade", but nothing telling what show/episode it was from. Again may be from Hercules.

3.

4.

**FOUND**

4. This staff was found in the Hercules episode "Resurrection" shown below Druid of Faith's (Renée Brennan) staff. Thanks Mike!

5. Lucy Lawless Hot Pants, The original It's A Wrap-Yahoo auction description read: "A sexy little pair of Hot Pants worn by Lucy Lawless as Xena, they are made of brown leather with brown leather petals and right side brown leather lace up. This collectible is accompanied by a custom Costume Department label that reads "Xena, Lucy". Item #7133."

I suppose for anyone that wondered what Xena wore under her brown leathers, this may answer the question but I just don't recall ever seeing it.

6. Arrow with the Hera Peacock feather flight probably seen in a Hercules episode.

X 4 E 13

### NEWLY PURCHASED ITEMS

#### Owned by Maryann Cannibal Dagger

Seen mostly in the episode X 6 E 6 "The Abyss". This dagger was used by Cannibals, Xena who throws it into a cannibal below, Virgil and also used by the Amazons in the horse sacrifice in the episode X 5 E 16 "Lifeblood". There is a slightly different version used by a cannibal to stab Gabrielle.

[tagsalegirl@yahoo.com](mailto:tagsalegirl@yahoo.com)

#### Owned by Mike Amazon Shamaness Ceremonial Chalice.

From X 5 E 5 "Them Bones Them Bones" this was Shamaness Yacut's cup that Gabrielle hands to Xena so she can drink the blood and pass over into

Alti's Verse to get her baby's soul back. The Black Wolf says this was the only one they made and would be a one-off prop so Renee and Lucy handled this cup. There is a little spot where the fake blood dripped onto the chalice.

Nice Display!

### **Arrows and Quiver from X 6 E 18 "When Fates Collide"**

The arrows in the quiver are permanent but the loose single arrow is separate and was recently acquired. We think this arrow was the one Xena shot at Caesar, the ones that went into the door behind him and Brutus would have been stunt arrows.

We also found the same arrow in Hercules Season Four episode "Armageddon Now part One" The arrow head and flights are the same as the "Fates" arrows.

**This is a new Q and A section to help get those important questions answered.**

### **"If the Shoe Fits"**

X4 E 12

**If you have a question please send to Barbie at [allaboutartgalry@aol.com](mailto:allaboutartgalry@aol.com) I will direct the question to the collector(s) who I feel will know the answer, finding a good fit! Anyone who has the answer or can elaborate on an answer already submitted is most welcome to reply. I will keep the questions posted until a satisfying answer is obtained. All questions answered will be posted, then removed, before the next issue to keep the section tidy.**

**Q** As a new collector how difficult is it to break into the hobby if there are so many other collectors and as time goes on, such a limited number of available items? What if you missed the heyday of the Turners and IAW and Yahoo auctions, but want to start collecting seriously. Don't many of the established sellers want to hang onto their props and wouldn't most collectors prefer to keep the best items in their own collections? **Lisa**

**A1** Basically while some items (such as an original chakram or sword from Xena) would be undoubtedly the most desirable, and the term "best" really lies with the preferences of the individual collectors. When looking at the XPH "Want List" you can see there are a lot of differences between what people want to find, not everyone is after the same thing. I like to add things to my collection that appeal to me personally-whether it's a small piece of set dressing or a large wardrobe piece or interesting looking weapon. I also enjoy collecting items from episodes or characters that mean something to me. Either way, part of the joy in collecting these items is in the search for them and there were thousands of items made for this series-you never know what you might come across. **Morgan**

**A2** Yes Morgan you are so right! Unfortunately there are collectors that have props and wardrobe they must sell due to financial difficulties. Also, some folks selling their props have decided to move on to another hobby or collection. I believe there will always be a pool of props circulating around. **Barbie**

**Q** Does Xena carry a cut off version of her sword in her scabbard or a full-length version? I have heard various speculations that she carried a cut off version to keep the weight of the scabbard down on her back. **Barbie**

**A** *"It would be a soft or hard foam full length sword".* **Roger Murray**

**The cut off versions are for special effects and if you have one it would be a one off prop!**

*"The time scale for these swords will vary a lot considering each FX sword was made for a specific episode."* **Roger Murray**

**If you have a Xena sword cut off or a special effects sword please submit your pictures I will feature them in the next issue!**

**Please email [allaboutartgalry@aol.com](mailto:allaboutartgalry@aol.com) with your questions or comments or if you are able to add additional information to any answers or questions listed here for our readers.**

## Fact of the Month

*Costume designer Ngila Dickson says .....*

*“ Even though we make armor out of plastics for the stunt people, I really choose to stick with the copper for Xena because the texture and the color and the look of it is just so good...”*

“ Xena Warrior Princess the Official Guide to the Xenaverse” page 53.

Apparently measurements alone do not identify a Lucy costume. Lucy's armor was made of copper and the stunts made from plastics....Barbie
