A Wicked Good Time

Need to sell multiple Xena/Hercules Props and Wardrobe?

Lets have some fun selling on our terms without ebay fees and build our collections through other serious Xena and Hercules enthusiasts. We all need to sell items occasionally for various reasons so instead of dealing with the ebay rules and fees lets try selling among ourselves rendering a most satisfying and fun transaction for all. We have all had a run in with unsavory sellers and buyers that lurk around on ebay so this will keep prop and wardrobe sales among our tight circle and we know they will be going to a good home!

You can run your own auction and Xena Prop House will announce the starting time and end of your auction with a comprehensive presentation of what you are selling then you set up the auction. The auction will be backed by XPH through assisting and referring readers and collectors to your designated auction time circulating your email and information throughout the duration of your auction. If you are a new reader and participant that I have never communicated with before and would like to announce your own auction no problem just give me one reference from a seasoned collector I can communicate with to verify your commitment to your auction before I can announce it. This is a great way to make quicker bulk sales but XPH will still keep **“A Day in the Life”** section for the casual individual sale items and for photo sales. I can announce multiple auctions so there is no need for a first come first serve basis.

GROUP MAILINGS

I can also do a group mailing with a general list of descriptions and prices of items you have for sale. Then you can sell them on a first come first serve basis to the collectors who respond to you. I have also done group mailings to let collectors know about items listed on ebay.

Contact Barbie at XPH and communicate that you would like to run an email auction or group mailing. Xena Prop House issues come out by the 15th of every month so you would need to make contact by the 7th of each month leaving time for the auction or

group mailing to be worked up by me and announced in the issue. It would be suggested you start the auction or group mailing at least 4-7 days after the issue comes out on the 15th so readers have a chance to read about your items for sale introduce themselves as a potential bidder or buyer and your preparation to start receiving offers or bids. I will help you through the entire process however if you choose an auction **you** will be running the auction keeping records of the bidding activity, etc.

Any questions comments or suggestions on these auctions backed by Xena Prop House please email allaboutartgalry@aol.com Please read the Xena Prop House disclosure on the last page of this publication in red before announcing or participating in these auctions. **-Barbie Arms-**

Prop of the Month Showcase

Would love to find the scrolls and blue vase

Owned by Tricia

A big Amazon Welcome to our new Kindred Spirit

1. Animation Cel

An original animation cel from the Hercules and Xena Animated Movie.

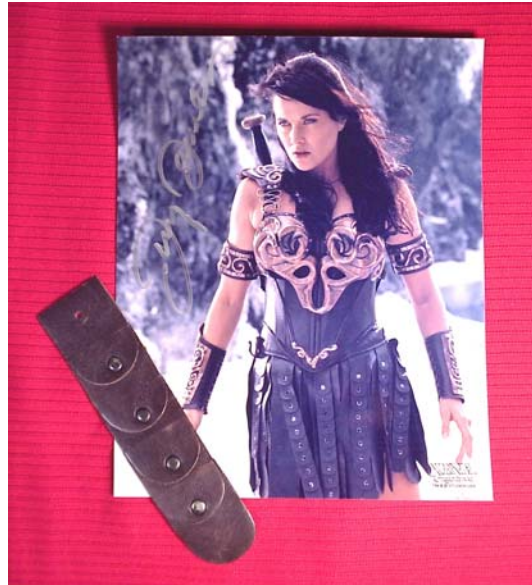

2. 5 piece Generic Assortment

Assortment of extras clothing: Pair of unused tan lace-up boots, men's size 8; leather centurion helmet marked "medium"; pair of black men's gauntlets with tape inside with actors names; unused men's pants with leather lace-up detailing along the sides (I was told these pants are a special material that gives the appearance of leather when on film); black leather belt. I used these pieces to make up a "generic warrior woman" costume that I wore to a couple of Creation conventions, and I also have used the boots and the pants as part of a Jedi Knight costume.

3. Skirt Petals

A partial piece of the "petals" that make up Xena's skirt.

Tricia has an amazing collection and I will be featuring items from her collection in the upcoming months of XPH.
If you have any comments or questions please direct them to Barbie at allaboutartgalry@aol.com or Xenaprohouse@aol.com

Coming Home

Here we are displaying items that *match back up* with the props or wardrobe that were separated years ago and items available for trade or sale to bring a prop or costume together again.

I am on a mission to try and see if I can network collectors to bring wardrobe and props back together that got separated during the feverish Auctions. Everything was scattered to all four corners of the earth so this is a venture I truly enjoy, one prop at a time!

Owned by Mart

Over time Mart has managed to gather the Amazons back together after being dispersed around the world for so many years. Encapsulated in their own Roman cells hidden in boxes, attics, garages and warehouses they have finally been given an Amazon reunion and proudly displayed. Mart has become a very important part of Xena history bringing complete costumes back together in Mobile, Alabama, their final resting place.

New item

Labeled on all pieces 'Asian Queen','Katherine Rachael', 'Xena ep 15'...complete down to the costumer tags and material hanger. It consists of a pair of leather sandals, a wrap around long material skirt, a long material 2 panel over skirt with the same design, a wonderful shell and golden ribbon belt, a material bikini type material top sewn over a padded bra with a sewn on material short shoulder shawl, a shell cross over shell necklace with a large shell diamond pattern in the center front and back, a pair of material/large beaded/shell bracelets, a pair of material/shell armbands, a neat little large beaded /shell/ material choker necklace, a wonderful material/shell/golden ribbon/beaded headband and last but not least a queen's necklace made of paua shell....I must say I am very pleased with this purchase....

Here is the complete Asian Amazon outfit seen behind Eve so Varia will unite with another Queen from the same episode, 'Path of Vengeance'

Also seen in these 2 Screen Captures

Here are screen caps of the near complete 'Melosa' outfit found in action... The first 2 screen caps it is in the top right and the 3rd screen cap it is in the back center. The outfit is missing an armband and beaded bracelet and a pair of sandals...the material shoulder piece on her is actually supposed to be an over skirt to one side as you can tell in the screen caps. Melosa is probably an actor name and not character name since this is a background outfit and not a lead.

Top right

center

We have the Reunion of the 2 Queens seen together in episode 'Path of Vengeance' and then the Melosa creating a Reunion Of Three Outfits from the same episode.

Thank you mart for getting the Amazons back together again!!!

1. Paua shell bracelet

2. Small purple stone ring

3. Metal knife that has what looks like fake blood on it. The handle is leather wrapped.

FOUND

The knife was found by Paul in Episode 'Ulysses' but without the blood. Was probably reused in another Episode.

4. Metal bracelets and necklace

5. Men's medium size shirt but with "Renee" tag.

6. Prop is a Roman sign. It is not a scroll since it is printed on a fairly inflexible plastic type material.

7. This is a foam sword, very light. Has a brown handle and unique gold colored hilt. Should be immediately recognizable if someone has seen it.

8. Silver cup

Please contact Paul if you have seen any of his props txodo@hotmail.com

Owned by Lillas X 2

1. Have you seen this sword?

1. Shoulder or Saddle bag

2. Scroll Bag

3. Bracelet

Here is a silver bracelet that came out of a box that was a brown carton labeled Gabrielle/Renée that had goodies in it! Can anyone verify the validity of these bracelets worn by Gabrielle?

4. Gauntlets

Here are Gauntlets made really well of woven black leather strips. They say Kora and also say Emma inside. They were supposed to be from Young Hercules. So far, Kora in Young Hercules did not wear them and I have no idea about an Emma they are 2 different people as the actress who played Kora is not named Emma, could have been her stunt or double.

Please contact allaboutartgalry@aol.com if you have seen any of these

1. Neck, Head Piece or Belt

1. This looks very familiar to me but I do not know what episode it was seen in, can anyone help? The dangles are the same as seen on the cherish costume and armbands Lucy wore in X 1 E 17 "The Royal Couple of Thieves". Interesting how the prop makers re used designs.

2. Amazon Skirt FOUND

Has a tag that says "Cyane" played by Katrina Browne seen in many episodes but most famously seen in Xena Episode as Thalassa in "Locked up and Tied Down"

Here are screen caps from Young Hercules Episode "Amazon Grace" and I think this is it. I probably have it wrapped differently on the mannequin before I knew she wore it with other cloth pieces but the tag and soft leather match it up. Thank you for finding that Mart!

allaboutartgalry@aol.com

Owned by Mart Burrow x 12

1. Very beautiful intricate Spear.

2. Gauntlets

3. Dagger and Sheath

4. Leather Wardrobe

Leather Wardrobe is made of vinyl soft leather like material and lined with soft cotton material and all decorations are hand painted. All the designs are Egyptian especially with the Egyptian eyes and what seems to me to be Isis in the front. It consists of a set of gauntlets, a dress and a set of greaves.

4.

5. Amazon Necklace

5.

6. Armor with wing pattern **Found** worn by Brutus (David Franklin) in the episode 'Anthony and Cleopatra' **Thank You for finding that Zach!**

7. Piece of cloth with a dragon

8. Amazon Mask

9. Amazon Queen Wardrobe **FOUND**
'Path of Vengeance'

Thank you Morgan for submitting this screen cap

10. Here are 2 daggers, one is a standard dagger the other is a FX dagger that holds a blood tube in the handle so you can squeeze it a little as you cut someone and have the blood cut appear. It has a thin tube with holes in it that runs the full length of the blade but the holes are only from the tip to about half way down. The handles are made of closed cell foam with a resin coating and then painted but the blades are rubber, neat little daggers measuring 9" long that look identical in appearance.

11. Here is a material, leather, beaded, feather headband. It has a feathered type wing look on each side with gold beads all the way around and fastens in the back with two long braided leather ties. It is labeled on the inside with a marker 'Artemis'.....but is it from Hercules or Young Hercules.. Cannot recall seeing Artemis in XWP with a light colored outfit, seems like she always had black or dark brown outfits with that pointed or horned looking headpiece. It is very well made so it probably is a lead item.

12. Boar Tusk Necklace **FOUND**

Originally thought to be Amazon this necklace was seen in Xena Warrior Princess, season 6 episode 'The Abyss' worn by the lead cannibal of the tribe. It is made of large resin boar tusks connected together with twine with small shells hanging in several places for accent, it is very well made and comfortable to wear, thanks for finding this Cheri

Please contact proxyblue@aol.com if you have seen any of these items

Cheri needs to find Autolycus as Philipon's hat from Xena Episode "Tale of Two Muses", She has acquired the robe and needs the hat to go with it. The hat went through the Yahoo it's a Wrap Auctions so we know it survived the set as most hats or headpieces did not.

This scroll was found and used by Autolykus/Bruce in Hercules Season 4 Episode "My Fair Cupcake". If anyone has this and is willing to sell it I would love to know if they would. So I guess this would be a HOLY GRAIL item for me.

For Sale by Torey Hercules complete costume . \$7,500 **or best offer.**

It is COMPLETE and it has the costume tags and IAW COA and everything is HIS. It even has mints in his little leather pouch (probably for his close ups with the ladies)

Kevin Sorbo wore this full costume in the 6th season of Hercules. This same costume was also worn in the 100th episode of Xena- in God Fearing Child, where Hercules comes to visit her.

The detail on Kevin's left gauntlet is astounding. Kevin always said," When the gauntlets come on- I AM Hercules!"

The right gauntlet is the nicer of the two- with a red carnelian polished stone in it.

1. Heavy Resin Dagger

Here is a black and silver dagger with sheath, It does have a crack, but has been repaired. It is a gorgeous dagger and similar was seen in Hercules Episode 'Protean Challenge" asking price is \$200 **or best offer**.

2. Livia Metal Sword

Adrienne used it in all her close ups, it is electroplated to be shiny for the camera and has the COA from IAW and was purchased from Anne Davidson **Price Reduced \$1,400 OBO**

3. Xena Stunt Boots

Here are Lucy's stunt boots and they come with the IAW COA showing that they are Lucy's with a label. Something else to be said about these boots- Lucy herself advertised these boots on her site stating them to be hers, as they were auctioned off for charity, along with quite a few other props and costumes of hers at the time. They are also her size so even though we know they aren't her hero boots, we know she obviously did some stunts on horseback, and these are equestrian boots. Lucy wore these English equestrian boots when she did limited stunt work on top of Tilly (Argo) the beautiful palomino mare she rode throughout the series. The boots are actually black painted brown to go with her brown leathers. They are a size 10 1/2 (her size) and are a rubber material not leather like her normal boots. \$150

Asking a firm \$199 for the sword it comes with a COA from a Hollywood Collectable Shop. This prop sword was used in the episode- Fallen Angel. It is a resin hilt with foam blade.

For Sale by Ellie

Ellie is making travel arrangements to Kenya, as she will be returning to work with the baby elephants at the end of December. Because of the new ivory sanctions to China, there are many new orphans who will need lots of support and healing.

Ellie is also trying to raise money or find a way to get a jeep (diesel only) donated to the Sheldrick Trust in Kenya at their Ithumba unit (out in the middle of nowhere). They have a small Suzuki for transporting milk to the elephants, but Ellie thought that a jeep would be financially beneficial to them so that they can transport guests around and take them on game drives for a donation fee. With all the extra babies now in the nursery, they could certainly use the extra money. Ideally, if someone knows an executive at Toyota, Nissan or Range Rover or something like that, we could just get them to donate directly...it would be great PR for them.

Katana used by Gabrielle in Episode "Friend In Need Part 2"
This sword is metal with a beautiful etched pattern on the blade. The sheath is separate and has intricate metal patterns on both ends. Gabrielle was the only character with this style sword that had the blue silk on the sword and sheath. I have seen this style sword in other collections without the blue silk so there may have been another character or army that carried these in the FIN episodes or they were just made for her character. The sword sheaths without the blue silk may never have made it to film or may have been removed after filming. The blue silk does tie the sword to Gabrielle. This came with an IAW COA that identifies this sword as Gabrielle's.

Sword Sheath ends, notice that they are both different

Screen capture with Xena and Gabrielle's sword on the katana stand. I included a pic of my Gabrielle katana and Xena's katana now owned by Mark who also owns Xena's FIN armor.

Here is Gabrielle walking in the woods with her katana. This **could** be 2 pieces like mine since she is only walking here and holding onto it **or** it could be the one continuous piece like Paul's shown below.

Here is Paul's katana, the sword and sheath are one piece so the captures below would most likely be his so the sword would not flop out of the sheath while Gabrielle was running or falling.

Here Gabrielle is blown to the ground after the huge mushroom fireball explosion

In Loving Memory of Bonnie

This was Cheri's dog Bonnie. Cheri writes.....

She came into my life as a little puppy probably no older than 2-3 months in the year 1995 while I was working for an animal hospital. She was brought in by the SPCA and I just had to have her. I called my boyfriend, later to be my hubby, and told him about her. He had a house and I was still living with my parents so I thought she would be a welcomed addition to his home. So with that we adopted her and brought her into our loving arms.

Bonnie soon started to grow into a happy half Rhodesian ridgeback half Labrador doggie and was a wonderful addition for us. I can't imagine what my life would have been like without her. She became my protector, my guardian angel, as I was hers.

Sadly we lost our fight to keep her with us on December 19th 5 days before Christmas. She had internal bleeding from what the doctor told us was probably a tumor that had burst on her stomach. There was no magical cure

this time. She had numerous medical issues through out her life, which we were able to conquer but this one could not be.

On the drive home I had such a headache from crying that I asked my husband to stop at CVS so I could get some medicine. Thankfully he offered to go in and get it, as I know I must have looked horrible. While he was in the store all I could hear in my head was the Burial Song sung by Xena/Lucy and it gave me comfort. I don't know why but it did. She was the last of our 5 animal babies and I am heartbroken without her but I know in my heart that she is waiting for me and is still watching over me as a true "Guardian Angel" now.

witches3@rcn.com

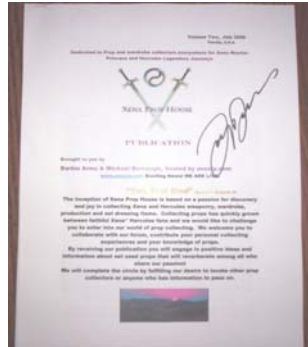

**God saw she was getting tired
and a cure was not to be,
So He put his arms around her
and whispered, "come with me"
With tearful eyes we watched her
suffer and fade away,
Although we loved her dearly
we could not make her stay.
A golden heart stopped beating,
a loving soul at rest
God broke our hearts to prove to us,
He only takes the Best.**

Kindred Spirits Sanctuary was founded in late 2003 in response to an overwhelming need for farm animal sanctuaries. The Sanctuary's founders assisted the national farm animal protection organization, Farm Sanctuary, by taking in some rescues from a terrible abuse/neglect case that they handled at the end of 2003. Inspired by four rescued sows from Cattaraugus County and by Farm Sanctuary's outreach and compassion, Kindred Spirits' founders decided to create another haven for abused, neglected, and displaced victims of "food animal" production. Farm animals are exploited every day in our society, and are subject to some of the most horrendous forms of harassment, abuse and neglect. Industrialized or "factory" farming operates on the basic premise that farm animals are mere commodities, not thinking, feeling beings. Animals that exist in these factories suffer in silence, and we find that people are horrified to learn about the types of abuse that these animals endure.

I go out to the Sanctuary every week with bread and a variety of food bars that I make out of oats, rice, pasta, cereal, flour, corn meal, fruit and nuts. A local general grocery store donates food to me that they cannot sell due to perforations in packaging and normally would be thrown in the trash. I then take the donated items and bake food bars and bread for the animals.

This is a great way to turn waste into nutritious food for hungry farm animals. The farm is beautiful and peaceful and has become 'My Sanctuary'. Barbie Arms

"If The Shoe Fits"

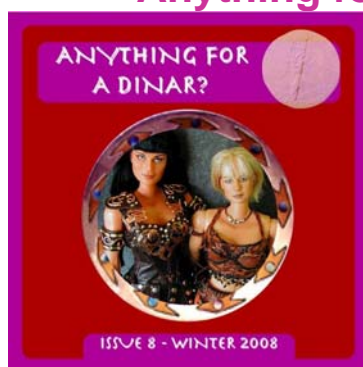

This is a Q and A section to help get those important questions answered.

Q1 I recently purchased a dagger that I originally thought was a lighter weight resin, but on further examination, found that it is definitely coated in metal, or perhaps made of a very lightweight metal. It "sings" loudly when tapped against another metal object, whereas my resin daggers do not make this same melodic sound. It also feels like metal when you touch it, although it is painted gold over the metal parts and not "shiny" like you would expect metal to be. It is common knowledge and I believe verified by the Black Wolf (Roger) that the prop dept. used four different materials for their weapons: Foam, resin, rubber and metal. However, most metal weapons I have handled are definitely quite heavy. My dagger is clearly metal but not very heavy; in fact, not even as heavy as some of my resin daggers. Can anyone shed any light on what this may be made of or the process of electroplating? I thought in order to electroplate an item, the

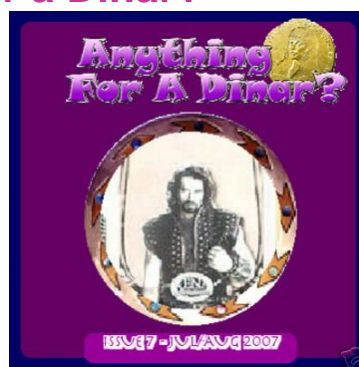

surface of the object to be electroplated also had to be metal for the charge to be conducted and the process to succeed. The dagger's origins are 100 percent genuine and it is from the set (it is a Livia style dagger) but this is the first time I have owned a dagger made of this material. Any thoughts? **MORGAN**

If you have a question please send to Barbie at allaboutartgalry@aol.com
Anyone who has the answer or can elaborate on an answer already submitted is most welcome to reply. I will keep the questions posted until an answer is obtained. All questions answered will be posted, then removed, before the next issue to keep the section tidy.

The Quill is Mightier

Here is Morgan on the farm in Minnesota Jeni is riding horse Donny and playing with her dogs Tarkon and Lexi, so amazing!

Xena: Gab, what are you doing?

Gab: Well, it says here in the Athens Chronicle that this is not going to be such a good year for the economy. Looting and dismemberment percentages are up, and things are shaky on the Macedonian Livestock exchange. Chicken trading is no longer as profitable as it used to be. The value of the dinar is dropping faster than your Evil Xena persona. We may have to make some sacrifices. Live a little more simply. Stuff like that.

Xena: We sleep under the stars and live out of a saddle bag, Gabrielle. If we live any more simply, our knuckles will be dragging on the ground and our sleeping shifts will be made out of pine needles.

Gab: I know. But, ummm...well...there are a few upgrades we may have to go without this year.

Xena: This isn't going to be good for my weapons stash, is it? Gabrielle, you know I need at least half a dozen boot daggers on me at all times. I hardly ever get them back after a fight and even when I do, those remnants of bodily fluids and thigh matter are nearly impossible to clean off. I haven't even begun to mention the things I need to keep under my breastplate for extreme emergencies. And don't forget my battle sword, my backup sword, the backup to the backup, the extra long sword with the reinforced hilt for multiple simultaneous kills, the lightweight throwing sword for long-range kills.....

Gab: I get it. But you may need to consolidate a little. See, the last time we saw Tapert, which was shortly before his nervous breakdown; I used his little plastic box thingy with

the shiny lights and weird symbols to find out about a little event taking place in the village up the road.

Xena: Yeah, well, Tapert would have never developed that persistent tic if he'd not misplaced my chakram to begin with. You know that makes me a little cranky. Well, that, and needlepoint. I imagine scrapbooking would also get on my nerves.

Gab: I know, Xena, but did you have to push his prop truck into the Mediterranean?

Xena: I didn't know he was in it at the time!! Besides, I already apologized to his wife. And when he gets out of that body cast, I'll apologize to him too. But only because of my sweet and gentle nature. Oh...and also because you threatened to make me do my own cooking if I don't.

Gab: (rolls eyes): At any rate, this little village is having what they call the 6th annual Barter and Bargain Festival.

Xena: Is this something like eBunion?

Gab: eBay.

Xena: Whatever.

Gab: Not exactly. It's kind of like an auction. The only catch is that there are no actual sales allowed. And that means no deals under the table, no threats, and you have to keep your eyebrow down. It's intimidating. Everything must be traded. If you want to bid on something, you have to have something to give in return. So I figured we'd unload some of our excess supplies in order to get some other stuff....uhh...back.

Xena: Back?????

Gab: Yeah. You know, I *really* hate to bring this up, but...remember that eBiscuit bidder, "Ireallylovegabrielle?"

Xena: eBay. And what I do remember is dreaming of kicking her in the assets and scattering her body parts to the four corners of the earth. I have other fantasies about her demise, if you care to hear them. You're not the only storyteller in this family, you know.

Gab: Well, it seems that she is in charge of this year's event. The scuttlebutt is that Tapert arranged it from his hospital room, but I don't have any real evidence of that. However, she has, through the wonder of the tiny plastic black box with weird symbols age, and some pesky physics principle called the space-time continuum, acquired quite a few of our things. Apparently even your torn bootlaces and your undarned socks have value in her world.

Xena: There's one other pesky physics principle that I was wondering about. The one that says an object in motion will stay in motion until it encounters the tip of my sword, or gets thrown off its projected course by the edge of my chakram. There's one more about taking a boot to the chops, but I couldn't swear to it.

Gab: Look, we just need a couple of things, so we won't have to worry about scrambling to find enough dinars in the dead of winter when we need extra blankets and oil. All we have to do is figure out what we can part with from our stash, and what we need from hers. Then we should be set for the year. And no violence, warrior. This is a peaceful trade, remember?

Xena: Sure. I'll trade my boot imprint on the largest muscle in her backside for all of your scrolls and that lock of your hair that she pilfered from future Alti.

Gab: Sigh. We're here. Just try to behave yourself, alright?

Xena: We're not the only ones, here. Check it out.

Gab: Lila!

Lila: Hey Gab, hey Xena! Are you guys here to “Bargain and Barter?” because you wouldn’t believe what I got in trade for the outfit I was wearing in Episode 1. That event organizer is trading all sorts of things from her time, and all she wants is some of our old crappy stuff in return. I don’t know what a “plush Homer Simpson” is, but I got three of them just for an old pair of boots Xena left in the barn the first time she came to Potadeia. I also got a bottle of Advil and some Twinkies for your old hairbrush. She sure has a weird name, though.

Xena: Grrr....

Gab: Show me what else you got, Lila. Xena, I’ll be right back. Try to stay out of trouble. See if you can get a couple extra blankets and a frying pan for some of my blank scrolls. I have plenty of extras.

Half a candlemark later.....

Gab: Xena, what happened here?? I thought this event was going on all week? And what is Argo pulling??

Xena: They call it a flatbed trailer. Triple-axle with greased bearings; rolls like a dream.

Gab: Huh?

Xena: I have no idea why I just said that.

Gab: And it’s loaded down with???

Xena: Three hundred and forty-seven blankets, a hundred and two electroplated roman swords, forty-five shields, seventy nine daggers, thirteen large foam rocks, the complete wardrobe of an entire Athenian army, including boots, all of your scrolls, four hundred assorted resin weapons, Janice Covington’s machine gun, oh and...a really nice frying pan. I also got something called a “George Foreman Grill.” I’m going to attach it to the end of a pole and see what kind of a mark it leaves on the side of Ares’ head.

Gab: Just what did you trade for this??

Xena: Just a few kind words. And a little advice. Apparently, my thoughts are worth quite a bit more than a dinar.

Gab: Xena!

Xena: You may be the bard, Gabrielle, but I’m told I have my own unique way of convincing people to see things my way and avoid unnecessary bloodshed. Mostly their own, but still....we all have our gifts.

Gab: Xena!!!! Where is ireallylovegabrielle?

Xena: I think she went somewhere to get her wounds treated.

Gab: XENA!

Xena: Her emotional wounds, Gabrielle, her emotional wounds. She just needed someone to point out the flaw in her logic. Now she realizes that her love for you is futile at best, and somewhat stalker-like, if you ask me. In just a few short thousand years they’ll have this thing called a restraining order and we won’t have to worry about her at all.

Gab: Xena!!!

Xena: Now let’s get this stuff over to the hospital while I’m still feeling charitable. I owe Tapert the contents of one prop truck, so it’s the least I can do. He can keep the long wooden thing with the fancy axles, but the frying pan is for you. I’m donating all but three of the blankets to the children’s shelter in the next town, but don’t ask me to give up any of the boot daggers. You never know when they’ll come in handy.

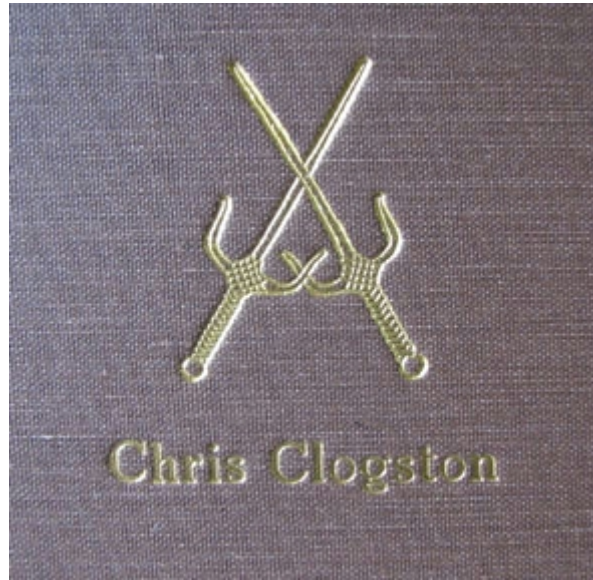

Gab: Sigh.....

Xena: Stop banging your head against the fake Amazonian sweat hut, Gabrielle. You're going to give yourself a headache.

Lila: Here. You better take the ibuprofen. I'm keeping the Twinkies, though.
